**How to reach us**

# Company Profile

**Silver Cube Timber Trading LLC** entered in to the new world of flooring in year 2014. We opened up an office in the business district of the city – Business Bay and started its operations and marketing in Dubai and whole UAE since then.

As time goes by, we have noticed that consumers are more into wooden products nowadays and considering a healthier lifestyle from house building to wood flooring as well as kitchenware utensils. These high demands of wooden products made our company decide to expand and give more options to our buyers/clients by putting up a mini factory with carpentry works that can cut, resize and redesign our wood products as per our buyers/clients requirements.

**Silver Cube Timber Trading LLC** offers an assortment of high quality and environmentally friendly natural wood floors for private, public and commercial usage, this in combination with our outstanding services offered to customers and distributors. We mainly supply these wood products to Interior decorators, Construction companies, Boat builders, Furniture makers, Landscaping companies and some personal wood projects.

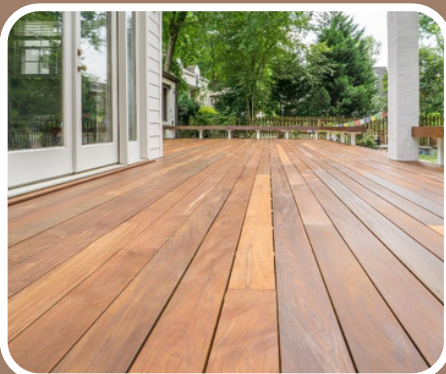

We are offering different kinds of Wood species:

**Burma Teak  
African Teak  
Sapele  
Iroko**

**Ash  
Red/Yellow Balau  
Meranti  
Plantation Teak**

**White Oak  
Hard Maple  
Walnut  
Hickory**

The high quality of the product is our ultimate goal, not just in our product range but in everything that we do. Silver Cube carries a guarantee of exceptional quality, value, extraordinary services and offers fair and best price of the Natural Wooden Flooring and Timber in the UAE market.

Flooring (Indoor & Outdoor), Designer Tiles,  
Pattern Flooring & Finger Joint Boards

*Standing on Nature's Best!*

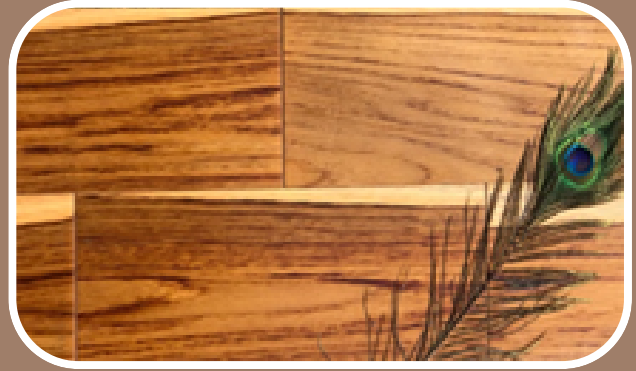

# Natural Solid Wooden Flooring

**Natural Solid Wood** is best used in living room, bedroom, hallway and dining room areas. Solid wood has an excellent durability that can last for many decades. We offer wood thickness of **19mm**, with a width option of **95mm, 120mm and 145mm** in a Random Length.

## Burma Teak

It is considered as one of the best wood flooring material with extraordinary high resistance to humidity, decay, bacteria & termite attack.

## African Teak

It is from big round logs and timber that has strong corrosion resistance in Indoor or outdoor conditions.

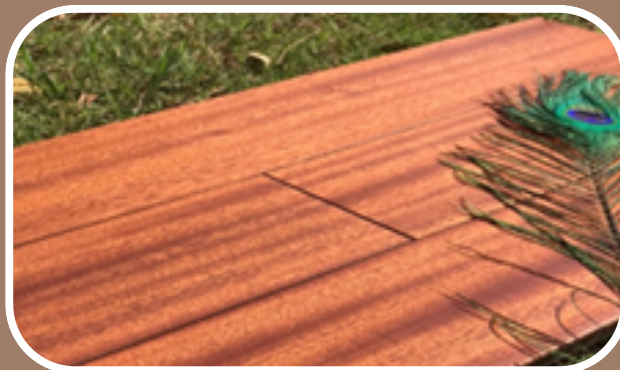

## White Oak

Oak wood flooring is known for its sturdiness, long life and resistance to wear. White Oak is also easy to stain.

## Walnut

Walnut is a strong, hard and durable type of wood. It finishes well and has rich colors.

## Sapele

Sapele has a beautiful African heartwood and is notable for being highly resistant from parasites attack.

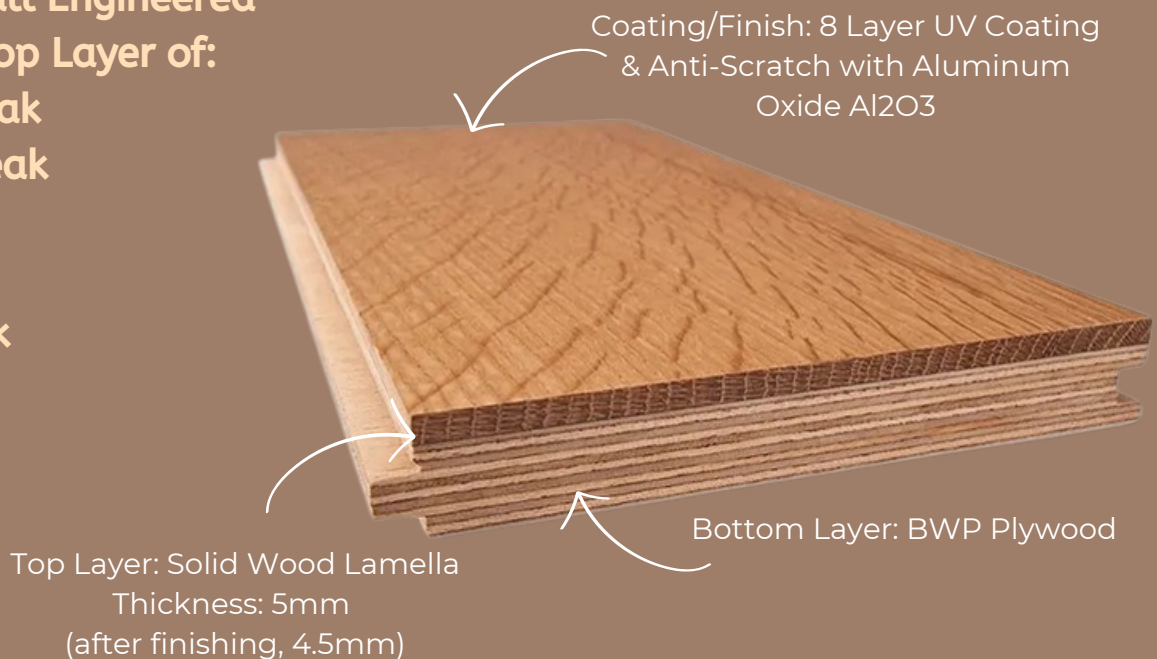

# Natural Engineered Wooden Flooring

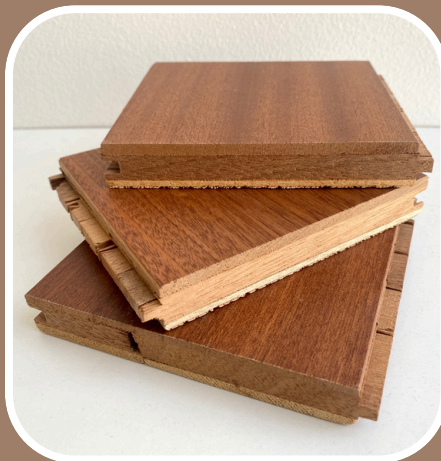

Consists of 2 or more layers. The multiple layers are bonded together under pressure which may consist of several layers of plywood. It can be installed in a wide range of interiors, on, below or above grade that is why it's a practical choice due to its versatility and suitability. Engineered wood floors can be more resistant to moisture and tend to be more stable.

## We produce all Engineered Floors with Top Layer of:

- Burma Teak
- African Teak
- Sapele
- Walnut
- White Oak

Engg. Walnut

Engg. Sapele

Engg. Teak

We offer wood thickness of **15mm**, with a width option of **95mm, 115mm and 145mm** in a Random Length. We generally offer **5mm** (after finishing **4.5mm**) Top layer and Plywood (BWP) as the bottom layer.

# Natural Outdoor Wooden Decking

**Deck** is a flat surface capable of supporting weight, similar to a floor, but typically constructed outdoors, often elevated from the ground. Decking is available in one side Plain and One side Ribbed or Both Sides Plain. **We offer deck thickness of 19mm, with a width option of 95mm, 120mm and 145mm in a Random Length.**

## Decking Accessories:

• Hardwood Runners Size: 45mm x 35mm

• Clips: SS 304 Clips with 2 Screws

African Teak Deck

Burma Teak Deck

Balau Deck

## Teak Decking Tiles

Size: 1' x 1' with 28mm of total thickness

Can be a combination of Ribbed and Plain top profile for great design purposes!

# Natural Wooden Designer Tiles

**Designer Tiles** for flooring is typically used for interiors of commercial establishments, restaurants, hotels, offices and even home interiors. We can customize in different wood species like **White Oak, Walnut, Teak, Sapele** and others as per the client's design and request.

**Tile Size: 600mm x 600mm | 300mm x 300mm    Thickness: 19mm**

**African Teak**

**White Oak**

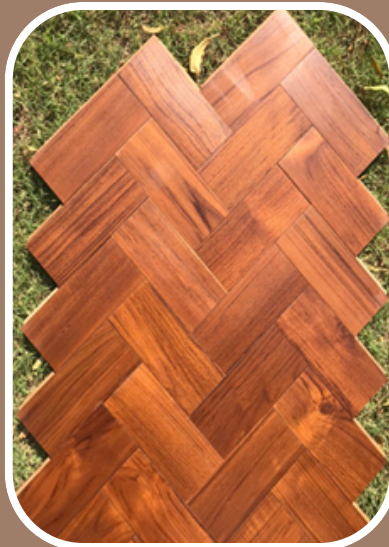

**Teak**

## Natural Pattern Flooring

**Chevron/Fishbone**

**Herringbone**

- **Width: 65-70mm**
- **Thickness: 15mm**
- **Length: 350-450mm**

We can customize in different wood species like Burma Teak, African Teak, Oak, Walnut and Sapele in Solid or Semi-Solid flooring.

# Natural Finger Joint Board

**Finger Joint boards** are made after cutting small pieces of wood wherein width is approximately the size of two fingers and its length varies. These small pieces are joint or glued together. This will come in a solid form and either Prefinished or Unfinished. We produce Finger Joint Board using different kinds of wood.

**Burma Teak**

**White Oak**

**Walnut**

**African Teak**

**Maple**

FJ Boards can be used for:

- *Parquet Flooring*
- *Sitting Bench*
- *Wardrobe and Cabinet Shutters*
- *Table Tops*
- *Staircase Panels*

Thickness Option: 12 | 14 | 19 | 25| 27| 30MM  
Board Size: 4' x 8' (1.22m x 2.44m)

# Wooden Wall & Ceiling Panels (Natural Wood & HDMR)

*Adding Luxury to your Walls & Ceilings!*

# NATURAL WOOD WALL & CEILING PANELS

# Product Overview

We supply a sustainable and premium quality of wooden crockery that brings elegance to kitchen essentials making the dining experience aesthetic, classy and healthy.

## ADVANTAGES:

- With Anti-bacterial properties because wood has a natural ability to kill germs and bacteria.
- Environmentally friendly material because wood doesn't contain any toxic substance.
- It makes the kitchen and dining more delightful.
- The wooden kitchenware is easy to clean.
- The material is waterproof.

### **HAND WASH ONLY. NEVER SUBMERGE IN WATER.**

WIPE DOWN WITH HOT SOAPY WATER. RINSE IT WITH HOT WATER ONLY AND JUST WIPE IT DRY WITH A CLEAN DISH TOWEL. STORE IN A DRY AREA. NEVER SUBMERGE IN WATER. DO NOT PLACE IN DISHWASHER OR IN A MICROWAVE. DUE TO THE NATURE OF THE WOOD SOME STAINING MAY OCCUR IN USE. THIS IS HARMLESS AND DOES NOT AFFECT THE QUALITY OF THE WOOD.
